## Two Agonizing Diseases.

Quickly Banished by Paine's

Celery Compound.

## Two Thankful Letters That Should

Be Read by Suffering Men

And Women.

For the effectual banishment of rheu-

matism, sciatica and neuralgia, Paine's

Celery Compound is without doubt the

best medicine that human science has

ever produced. This marvelous remedy,

devised by Professor Edward

Phelps, M.D., one of the ablest phy-

sicians that ever lived, has won the

hearty praise of millions of people for

the wonderful cure it has wrought in

all kinds. It is only a medicine with

such a record of cures that can attain a

worldwide reputation. It has saved

many, women and children, many of

whom had been given up by the doctors.

It does the work quickly and easily; it

realizes every trace of disease; it

builds up fortifies and makes active

every system. Those limbs have been

crippled and deformed by rheumatism,

driven away the terror of sciatica,

and today the ablest doctors are pre-

scribing Paine's Celery Compound for

neuritis, sciatica and neuralgia.

The thankful letters received

each year from the cured in every sec-

tion of Canada, would, if published in

book form, make a large and interest-

ing volume.

The following letters will surely in-

spire all rheumatic and neuralgic

sufferers with a new and better hope

and a better and happier life. Mrs. F. Mc-

Donald, of Toronto, Ont., writes:

"I think it my duty to let you know

what Paine's Celery Compound has

done for my limbs. For two years I

suffered very much with rheumatism

in the back, and because so bad that I

could not bend, stoop or rest in a chair

at night, and I was obliged to take his

remedy to the point where he lay in bed.

He was treated by various physicians, but

received no benefit until I used Paine's

Celery Compound. The first bottle pro-

duced relief, and after he had used six

bottles he was quite free from the rheu-

matism. He was troubled with sci-

atica for fourteen years, and found great

relief from the Compound. He says he

feels like a new man, and now goes

about his business as usual. He says

there is no medicine like Paine's

Celery Compound. He is now sixty years

old, and is now as strong as a young

man. He is now as strong as a young

man. He is now as strong as a young
